So this now wiser Kentuckian contends that one acre of good land in this State is worth four in the West, and he has the figures on it and figures wont lie.

### Increase of Pensions.

Many of the old war veterans are benefitted by the recent pension bill which has become a law. By this it means that at the next draw day all soldiers of the Mexican and Civil wars between 60 and 70 years will receive no less pension than \$12 per month; soldiers between 70 and 75, \$15 per month; soldiers over 75, \$20 per month.

We know of but three survivors of the Mexican war, Elder N. McIntosh, Spout Spring, J. W. Jones, Union Hall, and W. M. Bellis, of this city. All of these are of course now on the pension rolls, but they have been getting a very inadequate sum.

Have you got enough orchard? Better write H. F. Hillenmeyer & Sons, Lexington, for their new catalogue and plant an acre more in fruit this Spring. Our land is better adapted to fruit than anything else, besides it is so much more profitable than othe crops we are now growing, one acre of fruit sometimes yielding as much profit as ten acres in corn.

# Household Goods For Sale.

### Many Attractions.

As the time for the opening of the Greater Louisville Exposition draws near, the interest in that great event in this and all other sections of the State of Kentucky, as well as throughout the South, is greatly increasing. The visitors to Louisville will return home and give expressions of deep interest in the exposition and pride in the enterprise and public spirit of the exposition officials working so hard in the interest of their state and cicy without prospect or wish for

Showing what pride they take in their eity's great enterprise, the merehants and manufacturers of Louisville have covered their envelopes and stationery almost over with advertising matter concerning the exposition. and the title, "Greter Louisville Exposition," seems to appear in the most unexpected quarters at the most nnexpected time. Loulsville "drummers" who visit here let no one esbound to go to Louisville between March 18 and 30 to see what has been so widely heralded. This will be a matter of easy accomplishment, beacuse the railroads of Kentucky have announced a rate of one fare for the round trip, with three selling dates each week, the tickets good returning until April 1. Besides these splendid rates, many single-day excursions will be run, and it is said by the railroad offieials composing the Southeastern Passenger Association, that the rates for these excursions will be
